## Q

This last year has really been tough for me financially, and I know I need help with my family law issues and court document preparation, but the Courts are basically closed and lawyers are so expensive! What can I do? I need to make a plan and to get my financial statement done!

## A

Shank Law is here to help during these difficult times when people are struggling emotionally with their current family situation, and money is tight. We know that it is better for everyone if issues get dealt with sooner rather than later, as it only gets more expensive as time goes on, so for a limited time, we are reducing the cost of an initial consult by \$100 and reducing the cost of court document preparation by \$75/hour.

Make an appointment, write down your questions and for only \$250 plus HST, our lawyers will be available for a whole hour to answer as many of your questions as they can.

Should you need help in completing some court documents such as a financial statement [the task which most people find most challenging], our senior law clerk can assist you for only \$100/hour plus HST. We will walk you through

the financial disclosure you need, the tax information, the banking information, and how to obtain and fill in your assets and liabilities, along with completing a current budget, estimating your income, and developing child and spousal support calculations.

One stop shopping, to provide you with the tools you need to move your family matter forward confidently!

Don't hesitate to call us at 705-435-5055 to book an appointment; as this pricing is a limited time offer, we expect that these appointments will fill up very quickly.

Your friends at Shank Law.
